The Light Problem.

Shall Hillsboro renew its contract for electric lighting with the Hillsboro Light & Fuel Co. and if so upon what basis or shall the town build, own and operate a municipal light plant?

This is an important question for the people of Hillsboro to answer. It should be considered without passion and without prejudice upon one basis only and that is what is the best thing for the town. It is purely a business proposition. How can the people of Hillsboro secure electric light at the least cost? Can this be done through a privately owned and operated plant or through a publicly owned and operated plant?

We have talked to various members of council and also to Mr. Beecher and to say the least their figures do not agree. After a talk with Mr. Beecher and being shown his figures and data it would seem that the proposition of the Light Company to make a contract to furnish street lighting for \$69.50 a light and commercial lighting at 9c a kilowatt is eminently fair and the best the Light Company could do.

When we talk to members of council and see the figures and data that they have it would seem that the price asked by the Light Company is much too high.

While it has been said that "figures won't lie" they certainly seem to tell different stories in this case. We frankly admit that at this time we do not know what is the right thing to do; that we must have more information before we can arrive at a decision. This we hope to secure and when we have secured it will give it to our readers.

We know that for years the feeling has been general that the Light Company has been charging exorbitant prices for light in Hillsboro; that its members are thieves and robbers and that they have been cursed eloquently and earnestly many times. Whether this feeling and belief is justified, we can not say, we only know it has and does exist.

No man or company of men conduct a business without expectation of profit and this is right. It would be foolish to run a business on any other basis. The first proposition then is that the Hillsboro Light & Fuel Co. believes that it can make money out of any contract that is willing to make with the village. The second proposition is that if the Light Company can make money out of such a contract, the people could secure the village light and the private light at a less figure if they owned their own plant, if (and here is the big question) they would conduct it as efficiently and economically as the Light Company.

We all know that politics too often enters into the conduct of public business and if Hillsboro had a municipal light plant there is the danger that men would be employed to run it because they were Republicans, Democrats or Progressives and not because they knew anything about running a light plant. If positions in it were secured because a man had political influence and not because of his efficiency we know that it would be an expensive proposition for the people of Hillsboro. Will the people be so alert and wide awake to their interests that if a municipal light plant is erected that they will see that it is not made a political plaything?

This is not a time for hasty and inconsiderate action. It is a time for investigation, reason and good judgment, because we must decide an important problem.

NEW MARKET.

March 16, 1914.

Best Treatment for Constipation

"My daughter used Chamberlain's Tablets for constipation with good results and I can recommend them highly," writes Paul B. Babin, Brushy, La. For sale by All Dealers. adv

Most of us overlook our own mistakes in our rush to profit by the mistakes of other.—Macon Telegraph.

Resolutions of Respect.

The following resolutions from the Mt. Calvary Reformed Sunday School of Danville have been adopted:

Since death has taken from our midst our beloved sister, Lydia Shaffer. The church and Sunday School have been called to mourn the loss of one of our worthy members. Her presence will be missed as when her health would permit, she was always in her place in the choir singing the songs she loved so well.

Resolved, That we bow in humble submission to the will of our Heavenly Father, realizing that our loss is her gain.

Resolved, That we extend to the bereaved husband our heartfelt sympathy and commend him to God who alone can comfort him.

Resolved, That a copy of these resolutions be placed upon the Sunday School records, a copy printed in the county paper and a copy sent to the bereaved husband.

Mrs. BERTHA CROPPER
Mrs. ELLA COCHRAN, Committee.
Mrs. ANNA KNAUER,

Every Cough Scatters Germs

TO STOP THE SPREAD OF colds in the family, stop the first coughing by soothing and soothing the inflamed bronchial tubes with

Have your sale bills printed at the NEWS-HERALD. 50 bills in two colors and matter run in paper for 3.00.

COMING

TO HILLSBORO, OHIO
UNITED DOCTORS SPECIALIST

WILL BE AT THE

Parker House

Tuesday, March 24, 1914

ONE DAY ONLY

Hours 9 A. M. to 6 P. M.

Remarkable Success of these Talented Physicians in the Treatment of Chronic Diseases

Offer Their Services Free of Charge.

The United Doctors, licensed by the State of Ohio for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this visit, consultation, examination and advice free, making no charge whatever except the actual cost of treatment for the purpose of proving that they have at last discovered a system and method of treatments that are reasonably sure and certain in their results.

These Doctors are among America's leading stomach and nerve specialists, and are experts in the treatment of chronic diseases of the blood, liver, stomach, intestines, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, diabetes, bed-wetting, tape worm, leg ulcers, weak lungs, and those afflicted with long standing, deep seated chronic diseases, that have baffled the skill of other physicians, should not fail to call. Deafness has often been cured in sixty days.

According to their system no more operation for appendicitis, gall stones, tumors, gonor, piles, etc. By their method these cases uncomplicated are treated without operation or hypodermic injection. They were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife, with blood and with pain in the successful treatment of these dangerous diseases.

If you have kidney or bladder troubles bring a two ounce bottle of your urine for chemical analysis and microscopic examination.

Worn-out and run-down men or women, no matter what your ailment may be, no matter what you have been told, or the experience you have had with other physicians, settle it forever in your mind. If your case is incurable they will tell you so. Consult them upon this visit. It costs you nothing. Remember, this free offer is for this visit only.

Married ladies must come with their husbands and minors with their parents. (3-19) adv

BARRETT'S.

March 16, 1914.

Wm. Davidson and wife called on Aunt Martha Thompson, Sunday afternoon.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by local applications. Send for circular, free.

J. J. CHERRY, & CO., Toledo, Ohio.

Sold by Druggists, The

State Hall's Family Pills for constipation.
